NEW BUSINESS

A. For Discussion Only: The Board of Trustees will meet with the Fallon Paiute Shoshone Tribal Council to discuss matters impacting Native American Students, including: the Title VI grant, support from Native American students and families, transportation of Native American students, and all other concerns regarding the education of Native American students in Churchill County School District.

The group discussed the Title VI grant, graduation fees, and instructional support for Native American students. The group also talked about various ways to help Native American students and families and how to ensure accountability to the program. The Tribe spends approximately $400,000 each year, providing direct services to Native American students, and the Tribe would like to ensure those funds are put to the best use for their students.
The Tribe has a summer school program scheduled for their students. The Board and members of the Tribal Council discussed various ways to enhance education and accountability regarding Native American students and discussed discipline and attendance, tribal services, working with liaisons, and parent group meetings that are conducted through the District’s Educational Services Department.

The Board and Tribal Council felt that the meeting was very productive and requested an additional meeting be scheduled to continue the dialogue.
